Commercial Product Management

DATE: 1/21/2025

DOCUMENT NUMBER:002-025-TSAT

BULLETIN TYPE: Product Phase Out Announcement

PRODUCTS AFFECTED: Thermostats

DESCRIPTION: EMS Thermostat 2 and 3 Series Phasing Out

SUBJECT: EMS TSTAT 2/3's PHASE OUT

AUTHOR: K. Wernke, PM

Phasing Out 2nd and 3rd Generation Energy Management Thermostats

Friedrich has now launched our 4th generation EMS thermostat and have begun the phase out our 2nd and 3rd generation EMS thermostats. We will no longer be manufacturing 2 and 3 series EMS thermostats. We currently maintain excess inventory of 2 and 3 series EMS for orders and replacements.

Should customers require replacement EMS thermostats, please see the table below for replacement options with our 4th generation energy management solutions:

SKU	Replacement	Moving Forward
EMRT2	No replacement	Ensure FAC has enough inventory to cover replacements
EMWRT2	No replacement	Ensure FAC has enough inventory to cover replacements
VRPXEMRT2	No replacement	Ensure FAC has enough inventory to cover replacements
VRPXEMWRT2	No replacement	Ensure FAC has enough inventory to cover replacements
EMOCT	No replacement	Ensure FAC has enough inventory to cover replacements
EMRT3	EMRTA4	Replace 3's orders with 4's
EMWRT3	EMWRTA4	Replace 3's orders with 4's
VRPXEMRT3	VRPXEMRTA4	Replace 3's orders with 4's
EMWRT3	VRPXEMWRTA4	Replace 3's orders with 4's
EMOCT3	EMOCT4	Replace 3's orders with 4's

***Please note if you are replacing 3's with 4's your customer will be able to connect their 4 series thermostat to their current online portal where their 3's are located. If your customer is replacing 2's with 4's then your customer will need to set up a separate online portal for the 4's.**
